TEACHING AND INSTRUCTION

Department of Communication Studies, University of Nebraska-Lincoln

Dean's Fellow of the CAS Teaching Academy *2019-2022*

College of Arts and Sciences
University of Nebraska-Lincoln

- Serve as a peer teaching mentor
- Lead teaching development opportunities for the college
- Research and implement innovative pedagogical practices
- Connect with pedagogical leaders in the college
- As a team, we led the College of Arts and Sciences through navigating pedagogical challenges associated with 2020 Coronavirus pandemic

Executive Vice Chancellor Faculty Fellow for Student Success *2018-2019*

Office of the Executive Vice Chancellor
University of Nebraska-Lincoln

- Develop expertise in leading change that promotes student success
- Learn about and gain familiarity with university administration
- Connect with other campus leaders around student success initiatives
- Facilitate and support faculty engagement with UNL's Husker POWER framework

Course Director, Business and Professional Communication *July 2011-Present*

- Re-designed course from a multi-section face-to-face course to a hybrid course in which the lecture is delivered online and students work with GTAs one class period a week resulting in approximately 30% growth in enrollment a sustainable course delivery model with the capacity for continued growth
- Coordinate educational objectives with the ACE 2 (general education) requirements and accreditation standards for multiple colleges and programs on campus with course learning objectives
- Oversee curriculum, assessment, policy, procedures, and the learning management system for multi-section, hybrid introductory course teaching 500+ students a semester
- Facilitate student success in achieving course learning outcomes through a student-centered course structure, formative and summative assessments aimed at supporting skill development, and providing a framework for excellent GTA instruction
- Create and maintain an instructional training program and mentorship structure for graduate teaching assistants assigned to the course

Mentor for Graduate Teaching Assistants *July 2011-Present*

- Support the professional development of 6 -10 Graduate Teaching Assistants each semester as they learn to maximize student learning, manage classroom dynamics, work with difficult students, assess student work, and develop their own personal pedagogical approach.
- Develop, coordinate, and implement departmental GTA instructional training throughout the semester
- Engage in extensive, in depth one on one conversations with each Graduate Teaching Assistant throughout the semester to provide support and guidance as they teach the course.
- Serve as consultant for Graduate Teaching Assistants on pedagogical questions within COMM 286 and other courses they are slotted to teach

- Support student success by getting to know students and connecting them with campus, community, and national resources relevant to their needs and goals
- Assist students in navigating curricular choices to meet graduation requirements and support educational and career goals
- Encourage students to complement their coursework with diverse experiences (research, internships, education abroad, leadership, and service) to enhance their experience on campus and improve their marketability upon graduation
- Identify barriers to individual students' success and develop a framework of support resources to those who are struggling to meet and exceed their potential

Oversee Assistant Undergraduate Advisor *August 2015-August 2018*

- Train, advise, mentor and guide the Assistant Undergraduate Advisor (AUA)
- Work to ensure consistent and supportive academic advising for our undergraduate majors and minors

- Coordinate recruitment and retention activities, to include campus visits for prospective undergraduate students, major fairs, and activities for the UNL COMM Club.

Online Educational Consultant

July 2011-August 2015

- Consulted with new and developing online instructors as they made technological choices in developing their courses
- Advised new and developing instructors on how to effectively teach online
- Reduced online student drop rate by more than half in coaching and mentoring new online instructors

Associate Course Director - Instructional Technology

May 2010-July 2011

Business and Professional Communication

- Developed a media rich, fully online version of Business and Professional Communication
- Implemented various technological platforms to support course learning outcomes, including public speaking and small group problem-solving
- Developed comprehensive technological support center to enhance student agency in the course
- Trained and mentored graduate teaching assistants to effectively teach in the online learning environment

COURSES DEVELOPED AND TAUGHT:

Communication and Leadership (UNL COMM 372). This course has been approved a by the University Curriculum Committee, and I am scheduled to teach it Spring 2021. It is focused on leadership as constituted and enacted in communication, and focuses on helping students understand how communication competencies enable purposeful, responsive, inclusive visioning, problem-solving, and decision-making. The course is grounded in research specific to the Communication Studies discipline.

Interpersonal Communication Theory (UNL COMM 470). This course focuses on introducing students to interpersonal communication theories used to research and translate ideas related to relational development, identity formation, social support, and sense-making processes. Students are challenged to use theory to understand real life interpersonal situations and build arguments for research and translational projects.

Communication in Conflict and Negotiation (UNL COMM 371). This course focuses on helping students develop an in-depth, theoretical understanding of conflict across contexts as a type of human interaction that is constituted in and sustained in verbal and nonverbal communication. In taking a close look at conflict interaction, students can begin to understand both their agency in conflict situations as well as their responsibility.

Business and Professional Communication (UNL COMM 286). This course combines public speaking with aspects of organizational, small group and interpersonal

communication. Students learn how to give effective public presentations as well as learn theories and interpersonal concepts concerning communication in the workplace.

Online Business and Professional Communication (UNL COMM 286X). This is the online version of Business and Professional Communication. The course's learning objectives mirror the objectives for the traditional course and accomplishes this by integrating 4 distinct technological platforms (i.e., BlackBoard, Maple TA testing system, SpeechConnect, and AdobeConnect). Students in this course have the advantage of engaging state of the art virtual meeting and speaking technologies.

Small Group Problem Solving (UNL COMM 210). This course is an introduction to the theory and practice of communication in small groups. The course foci are leadership, group formation, decision-making, problem-solving, and conflict management.

INSTRUCTIONAL ACTIVITIES

Instructional Consultant for CAS Hy-Flex Course Delivery Models (2020-2021). As a part of my involvement with the CAS Teaching Academy Fellows, I worked with a sub-set of these faculty members to develop, present, and explain the hy-flex course delivery models for 2020-2021 to instructors across the College of Arts & Sciences, both in a large college level meeting format, as a consultant for departments (e.g., Women's & Gender Studies, Communication Studies), and as a resource for individual instructors across the college as they worked on their own designs as needed.

Institution of GTA Teaching Cafés Communication Studies Department (2019). Collaborated with a graduate student to develop a training program consisting of a structured informal conversation at the beginning of and throughout the semester for graduate teaching assistants in the department of Communication Studies aimed at promoting teaching conversations around supporting student success on campus and providing guidance for productively managing difficult situations with students.

Inclusive Textbook Access Pilot Participant (2019-2020). I am working with the Assistant Vice Chancellor of Information Technology Services to pilot inclusive access to the e-textbook in COMM 286 for all students on the first day of class. This program is an outgrowth of my efforts to negotiate a reasonable price for the e-book in the class and will result in students having access to the book through their Canvas learning platform upon registration. The program provides incentive for publishers to reduce their price and cuts out the bookstore mark up for the text, resulting in significant savings to the student and easier access to the course materials.

Co-Sponsor and Co-Developer of Writing to Learn and Learning to Write: Social Justice and Poverty in Lincoln (2019). I worked with the Director of the University of Nebraska-Lincoln Honors College to develop this writing workshop to explicate the process skills associated with academic writing and provide students with an opportunity to fine-tune these skills central to their success as students and as professionals post-graduation. We partnered with Leadership Lincoln to facilitate a poverty simulation for

attendees and then asked them to think about research questions and ideas informed by their experience and by their major/area of study. We partnered with University Libraries and the University Writing Center to teach students about finding and evaluating credible sources, organizing information, developing a literature review, and thinking through how students could conceptualize a study to answer their questions.

Founder and Supervisor of the Communication Studies Social Media Strategist Internship (2019). I developed this internship position in response to departmental need and a desire to support the professional development of our undergraduates. First, our department needed to better leverage our social media platforms to market our major, connect with our undergraduates, and connect in meaningful ways with the larger campus community. Second, CAS places a high premium on student experience particularly in the form of completing internships, professional experience in the form of internships. This internship provides an opportunity to meet both needs, and has resulted in a re-vamped approach to our social media strategy as well as a meaningful professional development experience for our undergraduate interns.

Founder and Advisor to the Communication Studies Undergraduate Student Advisory Board (2018-Present). This advisory board, founded in 2018, consists of undergraduate student leaders majoring in Communication Studies who advocate for the Communication Studies major on the campus and in the community, highlight and model an approach to professional development for other majors, and inform the Director of Undergraduate Education of the student perspective on department-wide initiatives. It attained RSO status in 2019 and won the 2019-2020 Outstanding New RSO Award from UNL's Student Involvement.

Husker P.O.W.E.R Faculty Engagement Leader (2019-2020). Husker P.O.W.E.R. is an organizing framework for high impact practices on campus that promote student success retention on campus. I am a part of a working group of faculty and campus leaders that is working with the Executive Vice Chancellor's Office to identify methods for faculty to engage this framework in their teaching and interactions with students.

Discussion Leader Summer Institute for Online Learning (2018). Led discussion of module one of University of Nebraska-Lincoln's Annual Online Teaching Academy. University of Nebraska-Lincoln.

Information Services Faculty Showcase, UNL (2012). Selected to serve as an exemplar of how to use cutting technology in the classroom

PROFESSIONAL SERVICE

DEPARTMENTAL SERVICE, DEPARTMENT OF COMMUNICATION STUDIES:

Member, Executive Committee (2019-Present)

Chair, Undergraduate Committee (2015-Present).

Member, Departmental Governing Body for Communication Studies (2013-Present).

Member, Honors & Awards Committee (2015-2018).

Member, Undergraduate Committee (2011-2015)

Member, Health Communication Faculty Search Committee (September-November 2014).

CAMPUS SERVICE, UNIVERSITY OF NEBRASKA-LINCOLN:

Member, College of Arts and Sciences Course Delivery Model Design Team (Summer 2020). I worked with Associate Dean for Undergraduate Education and other faculty members of the CAS Teaching Academy to develop four hy-flex models of course delivery for the College of Arts and Sciences to meet the needs of the 2020-2021 academic year.

Member, Big Red Welcome Partnering For Student Success Initiative (Summer 2020). I worked with then Associate Dean for Undergraduate Education and Student Success and faculty members across the university to develop a program for incoming freshmen at UNL in which faculty members address common questions, provide tips for success, and generally model for students how best to partner with faculty in their educational process.

Faculty Representative for New Student Enrollment Video (2020). I participated in the creation of a video for New Student Enrollment (NSE) in which I talked with a student about the importance of and methods for partnering with your professors on campus to facilitate student success. The video was shown to all Fall 2020 NSE participants.

Member, Search Committee for Associate Vice Chancellor for Academic Services and Enrollment Management (2020). As a member of this search committee, I contributed to all aspects of the search process.

Member, College of Arts & Sciences Ad Hoc Budget Advisory Committee (2019-Present). As a member of this committee, I work with a group of colleagues from across the college to consider the implications of the university's transition to the RCM budget model for the college. We are working to establish a set of guidelines and processes for budgeting decisions within the college that serve to incentivize behaviors in the best interest of and consistent with the values of the College of Arts & Sciences.

Member, Honors College Advisory Council (2019-Present). I serve as a member of a group of faculty who aim to support and inform the initiatives of the University of Nebraska-Lincoln Honors College.

Member, College of Arts & Sciences Undergraduate Education Working Group (2017-Present). I was appointed to serve on this committee to help inform college level discussions about undergraduate issues, concerns, and how campus and college wide initiatives affect our department.
