

Communication and Worldviews

We are interested in assessing various aspects of communication in your family, your identity, and general perceptions of the world. Participation in this study requires completion of an online survey that should take 15-30 minutes to complete. You must be 19 or older to participate. You will receive one (1) research credit for your Communication Studies course for completing the survey if your instructor offers research credit. To access the survey and read the informed consent statement, please click on the following link:
